ABOUT ME

Mobile developer and good problem solver. I use react and react-native for creating pixel-perfect, smooth UIs and responsive design on different devices and platforms. I like to keep an eye on details. I like to write readable, testable and maintainable code. I am a good team player. I like to contribute to open source projects.

WORK EXPERIENCE

React Native Developer

Falah for Software Development   Nov 2021 - Feb 2023 (1 yr 4 mos)
